**Date:** Monday, March 25, 2013 10:10:00 AM

---

Haimanot is not in today.. I had a quick email exchange with her and will talk to her tomorrow. The NRC contractor is looking at the IML modeling results this week. I mentioned that we won't have our comments ready until probably next week and she thought for hers the same. So if we meet on Thursday with DENR and Powertech for us I'm thinking process call-in only.

**Subject:** RE: Conference Call

Hi All,

Thursday morning will work best for me because I may be on sick leave all day on Wednesday and Thursday afternoon.

Thank you,  
Rebecca

**Subject:** RE: Conference Call

Scott,

Sorry I did not mention it, I had left a phone message with Ken previously . Yes this conference call will be with NRC. Wednesday afternoon is not possible anymore. Would Wednesday morning or sometime Thursday work. Once I know your schedule I will send out the invite for everyone including NRC, EPA, DENR and Powertech.

Sincerely,

John

Ken,

I'm guessing we'll want to make sure that NRC is involved in this call? I'm sure they probably are but wanted to be sure since PowerTech doesn't mention them in their email.

Hi John,

Thanks so much. I'll let Ken get back to you with the final word on that, but I can tell you for now that I am free at 1:30 Mountain time Wednesday the 27<sup>th</sup>.

Yours,

Christopher Razzazian

**Subject:** Conference Call

Ken and Chris,

We would like to hold a conference call this upcoming Wednesday at 130 PM to discuss the air modeling protocol for Dewey-Burdock. DENR has requested that also from EPA, Scott Jackson and a air quality modeler named Rebecca attend. Would like to know if the time works for you and if we can invite Scott and Rebecca as well.

Sincerely,

John
